=====

Good evening Russell.

CDC reviewed and has comments, attaching, here.  
Our lawyers (OGC) also reviewed and made comments, which are also attached.

Besides CDC and OGC, I had our experts in ASPE, OASH, NIH, and FDA also review. They had no concerns nor comments.  
The Counselor to the Secretary also reviewed and had no comments either.

I would appreciate you letting me know whether the attached is sufficient response that HHS clears with comments.

Thank you very much,  
Kat.

Good Afternoon Kat,

I forgot to ask yesterday. Has the review of this Notice been delegated to CDC? Some of my management will be in touch with CDC later this week and have asked me to see if this is something they should bring up.

Thank you in advance for your assistance.

Best,

Rusty\_\_\_\_\_

Good morning, I hope you are all well.

Thank you for the draft notice and your kind willingness to offer a briefing. I will discuss both with our folks here and get back to you, soon.

Thank you.  
Kat.

Subject: Official Transmittal of EPA's Notice of Intent to Cancel and  
Notice of Denial of Registration for Certain Rodenticide Products

Dear Ms. Smalls,

The Federal Insecticide Rodenticide and Fungicide Act (FIFRA) requires EPA provide the Secretary of Health and Human Services a Draft Notice of Intent to Cancel when the proposed cancellation involves pesticides of public health significance. Please share the attached documents with Secretary Sebelius.

We are also happy to provide Secretary Sebelius a briefing on the proposed cancellation of certain rodenticide products. Please let me know if Secretary Sebelius is interested in a briefing on this matter and I will work with you and your colleagues to schedule this briefing.

If you have any further questions or are unable to open the attached documents, please contact me at your convenience.

Regards,

Rusty\_\_\_\_\_
